| Introduction | | | |
| School Ethos for SEND | <p>The principles of Woodlands Schools Special Educational Needs and Disability (SEND) Policy are:</p> <ul style="list-style-type: none"> To set high expectations for children with SEND; To promote the inclusion of children with SEND within mainstream education; To support parents/carers of children with SEND; To take account of children's views in the SEND process; To operate within the statutory framework; To develop knowledge and skills of all staff working with SEND children. <p>Woodlands School Mission Statement highlights the worth of each individual and the importance of partnership with parents/carers. The Index for Inclusion and the school's Equal Opportunities Policy explains how we aim to enable all pupils to feel highly valued and realise their potential. This policy explains how we aim to do that for pupils with special educational needs thus developing skills and raising achievement for all.</p> | <p>Woodlands School is an active member of the local Basildon West Cluster group of schools. All of the schools in the group work closely and are committed to providing high quality education for all children with special needs and disabilities in the whole of the local area.</p> <p>Woodlands School is an 11-16 comprehensive secondary school which admits pupils to the school in line with the school's admission procedure. The school believes that all children and young people are entitled to an education that enables them to:</p> <ul style="list-style-type: none"> • Develop lively, enquiring minds, encouraging the ability to question and argue rationally. Confronting them with challenging mental and physical tasks in order to ensure the highest possible level of achievement. • Instil respect for each other, for religious and moral values and tolerance of other races, religions and ways of life. • Acquire knowledge, skills and attitudes relevant to adult life in a rapidly changing world. <p>Woodlands School takes a whole school inclusive approach to pupils with special educational needs, recognising that the aims of the school (<i>'achieving excellence'</i>) are the same for all pupils, whatever their abilities.</p> <p>The school recognises that a child or young person has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for them and, as defined in the SEND 2014 Code of Practice. A young person has a learning difficulty or disability if they:</p> <ul style="list-style-type: none"> • Have a significantly greater difficulty in learning than the majority of others of the same age; or • Have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions. <p>The school makes provision in accordance with the Code of Practice [2014], the SEN and Disability Act [amended 2001], Index for Inclusion [updated 2001] the Discrimination and Disability Act [Dec.2006]. Our SEND policy and our practice aim to reflect these principles.</p> <p>Special Educational Needs are identified in terms of learning, communication, interaction, and emotional health, physical and sensory needs. The school believes that young people have a right to have their views listened to when making decisions and exercising choices that affect their futures. They have a right to receive and impart information, to express an opinion, and to have that opinion taken into account in any matters affecting them. Consequently, the school is committed to working in partnership with the child, parents, carers and outside agencies to identify needs, provide support for them and monitor the progress of all pupils.</p> | |

The following pertains for parents/carers of pupils with SEND.</p> <ul style="list-style-type: none"> • Our aim is to actively involve parents/carers in line with need – some have regular telephone calls with Progress Mentors, others receive information at Consultation evenings, some come for termly meetings with the Grade 3 Progress Mentors, Assistant SENDCo or SENDCo and some have annual meetings with the Assistant SENDCo or SENDCo. Most parents/carers will have intensive involvement at the initial stages or in times of difficulty and less when programmes are working well. In all cases it is recognised that parents/carers are pleased to share recognition of positive progress, to enter into dialogue with learning support staff and to receive prompt feedback on their concerns. • The SENDCo and Learning Development Team are happy to meet with parents/carers and requests for appointments can be made by contacting the Learning Support Office. Phone calls and emails will be responded to within a maximum of 3 days; however, the SENDCo acknowledges that if a parent has concerns that warranted them initiating communication then a speedier response would be appreciated and therefore endeavours to respond to all emails and telephone calls as soon as possible. • Meetings to agree transition arrangements and support (yr6 into Year 7, KS3 into KS4, KS4 into Post 16) • Statutory meetings and reviews • Attendance at professionals or multidisciplinary meetings • Through parent & stakeholder surveys and events | <p>their child's needs, progress and concerns. An Education Health and Care Plan carries particular targets for improvement and a package of resources to ensure that the pupil makes educational progress. All pupils with Education Health and Care Plans must undergo a thorough Annual Review of their progress, which is sent to the Local Authority for monitoring. Parents/carers, the pupil, teachers, Progress Mentors and relevant professionals from outside agencies are all invited to contribute to the Annual Review. This is in addition to half termly reviews of progress carried out by the pupil's nominated Progress Mentor.</p> <p>Progress with Learning Passport and One Plan outcomes are monitored informally by Progress Mentors throughout the year and reported to the SENDCo. In addition, each child receives an annual review of their progress with Learning Passport outcomes by the SENDCo. At these reviews their SEND stage and category of need will also be reviewed. These Learning Passport reviews are timed to coincide with Consultative evenings to maximise the involvement of parents/carers. The SENDCo uses multiple sources of information when preparing reviews including:</p> <ul style="list-style-type: none"> • Reports on progress made with last Learning Passport outcomes from Progress Mentors, • Written reports from Progress Mentors, • Pupil profiles of identified strengths and weaknesses completed by all class teachers, • Written comments from class teachers, • Progress reports, • Results of assessments completed since the last review, • Reports from outside agencies, • Behaviour records. <p>At the Consultative evening the views of parents/carers and the pupil are also gathered and added to the review. In an effort to ensure all parents/carers are involved, should a parent/carer not meet with the SENDCo at the Consultative evening, their views are sought in writing.</p> <p>In addition to these reviews the SENDCo and Learning Development Team are happy to meet with parents/carers by appointment to discuss progress and any concerns. How the Governing body involves health and social care bodies, local authority support services and other bodies in meeting the needs of pupils with SEN.</p> | <p>What the arrangements for those with and without an EHC plan to get additional support from outside the school?</p> <p>Relevant Policies: Code of Practice. Health and Social Care Act Requirements.</p> | <p>The majority of pupils on the SEND Register should be identified as needing SEND Support. Pupils on this level of the Code of Practice require additional support to access the curriculum. The majority of this support should be in-class and can be achieved through Progress Mentor support, specialist resources, research proven interventions, differentiated teaching styles and materials. Targets for improvement are set annually by the SENDCo in liaison with the Progress Mentors, teachers, parents/carers and the pupil. Progress with these targets is reviewed twice a year by the Progress Mentors and any concerns are flagged to the SENDCo.</p> <p>Should a pupil fail to make significant progress with support allocated at SEND Support the pupil will then be identified as having High Needs. For these pupils additional provision will also be made, which may include withdrawal for specialist intervention in the learning development department, there may also be a need to seek the involvement of professionals from outside agencies. For pupils with High Needs annually set outcomes are reviewed termly through One Planning to ensure progress is being made.</p> <p>In exceptional circumstances, after significant intervention from</p> | |
