

THEMES OF THE WEEK

"Sea Cadets"
"Decision Making"

22nd April 2016

PURSUE EXCELLENCE AND SEIZE OPPORTUNITIES

I hope that you all enjoyed a restful and reflective Easter break, even if the weather was traditionally average.

Staff often pass comment on how quickly time goes in school, and for our Year 11 pupils, the last few grains of sand are falling to the bottom of the timer. I would like to thank the pupils and staff who attended the revision sessions that were on every day of the holiday period. The reason staff give their time so freely for our pupils is that they understand that these few hours can make a significant difference to the pupils' life chances through the impending external exams. We are planning on keeping our Year 11 pupils with us until Friday 10th June before their leavers' assembly on Monday 13th June (you will receive a letter outlining the plan).

It was another excellent consultation evening on Wednesday 23rd March for Year 8 pupils.

Working with families is always an excellent way to support our pupils as they strive for personal excellence in their studies and school life. You will find attached to this edition a copy of the survey feedback. Thank you very much for your comments and we have been looking to improve our provision based upon the feedback from all consultation evenings.

I recently read a very interesting report which highlighted how successful schools had extensive extra-curricular provision for their pupils. I am proud to say that whilst we are still working hard to keep improving standards across the school, we do offer all pupils an excellent range of opportunities outside the classroom. Please encourage your child to attend an extra-curricular activity and make the most of the exciting opportunities available.

Congratulations should go to our Year 7 netball, Year 7 girls' basketball, and Year 8 & Year 9 boys' rugby for

reaching and winning Essex cup finals this month! This is a tremendous honour and is testament to all the hard work and efforts of both pupils and staff #PESO. Mr Reed is unbeaten at chess club so we need a pupil to show him who's boss!

On an individual basis, you will have read about some excellent performances by our pupils in martial arts and gymnastics events, and we've got all our fingers crossed for Keenan H in Year 11 who is in the EIRE gymnastics squad for the Olympics in 2016 and if the team can qualify, we will be celebrating our first Olympian!

One of our three points in our vision statement is 'to create an environment which is stimulating, secure and provides opportunities for all'. Mr Wright has co-ordinated our successful bid to achieve the Safeguarding Award which is nationally recognised. This extremely rigorous process highlighted the care and attention that pupils receive at Woodlands and that all of our safeguarding and child protection processes are graded as outstanding. Thank you to all our staff and community for helping make Woodlands such a caring and safe place for our young people.

We demand the highest standards from our pupils and expect them to work very hard to achieve these standards in every aspect of their education.

Thank you all for your continued support in driving standards forward rapidly at Woodlands.

'Don't assume a door is closed. Push on it.'

Kind regards

Simon Cox

Information collated by Mr Penson, Science Technician

Science Club is an after school event run on Mondays by Mr Druce and Mr Davies where pupils can come and practise all sorts of fun experiments, from working with fire and chemicals to more long running projects decided upon by ideas given by the pupils.

Last month a dozen pupils from Year 7 who regularly attend Science Club prepared a presentation to be given in front of each of the year groups and teachers in assemblies. The presentation was designed to showcase some of the exciting activities recently undertaken in the Science department.

The Stargazing Evening

The Royal Institute of Science Exhibition

The 'Egg-speriment'

Pupils designed a vessel and parachute which could safely land an egg from around 5 metres

Over the Easter Break top set Year 7 Science pupils were given the task of making a 3D model of the solar system using whatever materials they wanted to and their own imagination.

Pupils produced some great models including hanging mobiles, giant 'space-scapes' of planets and even a cake.

Pupils were given some examples and were able to use their own ideas to make it as interesting as possible. I was flabbergasted with the results.

- Mr Druce

Some of the construction ideas the pupils have come up with over our modelling projects has been very innovative using very little resources given. The pupils have also shown patience in making satellites this week as there were some very small intricate parts to create and display.

- Mr Davies

On the 24th February, Woodlands School was very pleased to host their first stargazing evening.

The evening consisted of:

- Children and adults learning together about the constellation of stars, satellites, orbits and many other interesting and exciting science facts and theories.
- Three expert physicists teaching about the above topics along with planning fun, engaging activities for everyone to join in.
- Drinking hot chocolate under the night sky.
- Applying knowledge learnt to observe the night sky using telescopes.

The feedback from both pupils and parents was very positive and was enjoyed by all. We look forward to the next stargazing event. Thank you to all involved

- Mrs Hill

NO GIRLS ALLOWED!

Mr Wiley reporting...

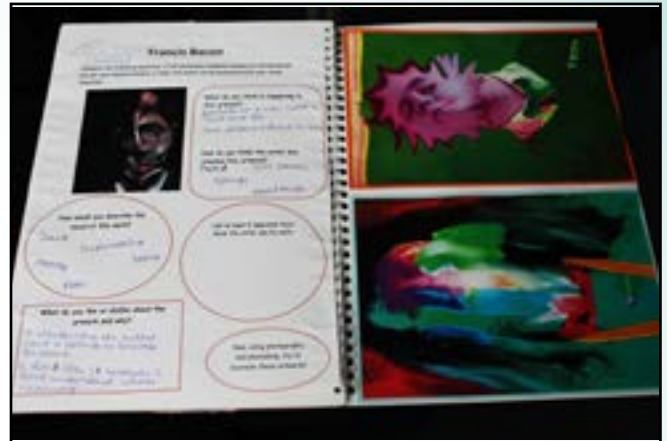

On Tuesday 19th April, the Art department ran an all-boys session after school, where the lads explored the work of the painter, Francis Bacon.

They sampled different photographic techniques, including slow and fast shutter speeds, as well as utilising Photoshop to manipulate their results. The boys were very much into the idea of sticking post-it notes to their faces and rocking their heads back and forth in order to achieve Bacon's ghostly paint-stroke effects in their portraits; some said this was an improvement to their pictures, but these rumours are unfounded.

This session's aim is to fulfil their A01 target, which is centred on studying other artists' work

and is worth one quarter of their GCSE grade. Boys are vastly outnumbered in Art classes and this gender gap can lead to a lack in achievement, so this session gave the boys an opportunity to shine on their own; independently developing understanding of materials and techniques, as well as managing themselves in group work, breaking down written tasks and furthering their knowledge of digital manipulation.

Some quotes from the session:

"I'd never used Photoshop before, but the way Miss Taylor explained it was clear and easy to understand." – Bradley G

"I use Photoshop at home, but I learnt some new and useful techniques that I can take with me for future projects." – Jack E

"I really enjoyed it! I liked using the camera in a different aspect to what you would in class." - Connor S

"I loved smudging and altering the faces on Photoshop, also the snack selection was good...particularly the Doritos." - Blade L.

Aladdin Rehearsals

Mr Townsend reporting...

Rehearsals are underway for a magical and spellbinding production of Disney's "Aladdin".

Lines are being learnt. Choreography is on point. Characters are developing and the singing is exquisite. The 40+ size cast are full of energy and their focus and commitment to rehearsals on a Tuesday and Friday, after school, has been outstanding.

The show opens on the 28th June for a 7pm start. Subsequent performances are on the 29th June and the 1st July. There will also be a matinee on the 30th June which will be an invited performance for our local primary schools.

Tickets will be on sale for the public very soon, so watch this space.

Comedy Club for boys:

- Do you always make your friends and family laugh?
- Are you someone who likes to perform?
- Do you love drama and making your audience laugh?

Then the Comedy Club for boys may just be for you!!!!

To find out more about this new and exciting club come along to DR2 on Tuesday 26th April at 1.30pm with Miss Churchward.

Good luck to all the Year 11 Drama pupils who have their Unit 3 Practical exam on the 29th April. Have an excellent performance and enjoy the experience!!!

EPD DANCE...

Mrs Kean reporting...

It has been a busy few months for the EPD team as we have been in rehearsals for Dance Rio 2016.

Saturday 23rd April will be our first performance as the Woodlands EPD Dance team. This will also be our first performance for Dance Rio 2016.

On Friday 15th April we went for our rehearsal at Colchester Football Ground, it was a great experience.

The EPD Dance team are a credit to Woodlands.

MUSIC FACULTY

Mr Priddle reporting...

In Music this term we have been focusing our attention away from the keyboards and onto other instruments. Some of our Year 7s have been learning the Djembe which is a goblet shaped drum from West Africa. By composing their own rhythms they have begun to create a piece of African music for performance.

In another class the Year 7s have been exploring the music of Hawaii through studying the Ukulele. Pupils are excelling with their technique and are really enjoying the chance to learn a new skill.

The Year 8s have been rocking some classical music on

the guitars, drums and keyboards. They have created rock arrangements of popular classical works, from Strauss to Orff.

Sadly, we are getting ready to say goodbye to our current Year 11 cohort who have created some excellent work in their lessons throughout the year. Good luck to you all.

Finally, we are hoping to get a lot of interest from Years 9 and 10 in the upcoming Holst's *The Planet Suite* trip to the Royal Albert Hall. We will be sending out letters for this soon.

TOP SECRET MISSIONS IN GEOGRAPHY!

Mrs Merchant reporting...

Congratulations to the following Year 7 Geographers who successfully completed top secret missions in their Geography lesson recently:

Paul M – successfully used 300 words used to examine coastal erosion.

Dominic N – successfully used key geographical vocabulary during discussion work.

Taylor F – Used success criteria during discussion and feedback was used to improve work.

Owen B – successfully used key geographical vocabulary during discussion work.

Kelci H – Used literacy support materials to improve her spelling, punctuation and grammar successfully.

Reece H – Worked towards the 500 hundred word challenge by examining coastal erosion and landforms.

More Geography secret missions in class to follow! Keep up the good work Year 7 Geographers! Mrs Merchant looks forward to seeing your glaciation models and presentations after Easter (see Show My Homework).

13 April 2016

Dear Simon Cox,

I would like to congratulate you on last year's excellent results in GCSE music.

More than 10% of the overall Key Stage 4 cohort at Woodlands School achieved an A*-C in GCSE music, putting you in the top 649 schools across England. Your specific place in this ranking is 532.

To celebrate this achievement, we enclose the **ISM / ISM Trust Bronze certificate in music 2016**. This is a real demonstration of the excellent work you do within your school.

We hope this will support you effectively when engaging in conversations with your senior leadership team about the importance of music in your school, but we also hope that it will serve as a public indication of the work you do. To help you in this, we have also sent a template press release electronically which you are welcome to use locally to highlight your achievements.

By way of information, the ISM is a subject association for music educators. We look after more than 7,500 members who work as classroom teachers, instrumental and vocal teachers, performers and composers and we support them with free, award winning professional development opportunities, resources and services. If there is any way we can support you, your head of music and your music teachers further, please don't hesitate to get in touch with us at membership@ism.org or by calling 020 7221 3499. Your staff can find out more about the ISM and our professional association status at ism.org/join.

If you have any questions about the data used to produce this certificate, please don't hesitate to contact our Head of External Affairs at henry.vann@ism.org.

Are you still unsure about what college course to take? Speak to your school or call the Employability & Skills Team for some impartial advice on 03330 139842

Apprenticeships, Traineeships & Foundation Learning

- Apprenticeships give you a unique opportunity to gain a qualification, get work experience and earn a wage at the same time. Apprenticeships are now available from Level 2 (equivalent to GCSE A – C) to level 6 (equivalent to degree level) in many different types of occupation
- Traineeships are work experience placements with employers (occasionally paid) lasting from six weeks to six months. You will gain employability skills, functional skills and experience and it could lead to an apprenticeship with an employer
- Both Apprenticeships and Traineeships are advertised on the National Government website www.gov.uk/apply-apprenticeship
- Foundation Learning Providers offer vocational training, with English and maths qualifications to help improve your skills and get you ready to undertake an Apprenticeship opportunity

For further advice on these opportunities, please call 03330 139842 or email

esu.interventionsouth@essex.gov.uk or visit www.facebook.com/esuessex.

For information on Apprenticeships and Traineeships visit www.gov.uk/apply-apprenticeship

Essex County Council opportunities for young people

How well do you know Essex?

Essex is facing big changes, and you can be a part of it. With the following key sectors all currently growing in the Essex area, there are hundreds of thousands of exciting career opportunities available right on your doorstep.

Care

Top local employers: Essex County Council, the National Health Service and Forest Care Limited

Top advertised vacancies: Social Worker, Auxiliary and Nursery Nurses and Support Workers

Construction

Top local employers: TRS Consulting, ARC Incorporated Limited, ARC Norwich Limited and the National Health Service

Top advertised vacancies: Quantity Surveyors, Site Managers and Field Service Engineers

Manufacturing and Engineering

Top local employers: Luton Bennett Company, Raytheon and IFDS

Top advertised vacancies: Maintenance Engineer, Mechanical Engineer and Electronics Engineer

Logistics

Top local employers: Reliance Employment Limited, ARC Incorporated Limited and Harper Guy Consulting Limited

Top advertised vacancies: LGV 2, Forklift drivers and Warehouse Managers

Finance

Top local employers: AJ Chambers, International Financial Data Services and Gerrard White

Top advertised vacancies: Account Manager, Accountant, Data Analyst.

I.T, Digital and Creative

Top local employers: IFDS, Raytheon, Searchica Ltd.

Top advertised vacancies: Java Software Developer, Software Development Engineer, Systems Engineer

Health

Top local employers: National Health Service, the Spire Health Care, Care UK Health

Top advertised vacancies: Nurses, Physiotherapists and Occupational Therapists

Find out more about these and other sectors at:

<https://nationalcareersservice.direct.gov.uk/advice/planning/LMI/Pages/Sector-Index.aspx>

These sectors have been identified by the [Essex Employment and Skills Board](#), which represents local employers and educational establishments.

What's Next?

Are you unsure about your next step?

Essex County Council has an **Employability and Skills Intervention Team** that can provide you with more information on all of your options including apprenticeships, college, employment, short courses and volunteering opportunities.

Our team of experienced and friendly advisers have **helped more than 3000 young people** into education, employment or training in the last two years. We will help you to find the right opportunities in your area and will also support you with your applications, including creating your CV.

Please contact the Employability and Skills Intervention Team on 03330 139842 or email esu.interventionsouth@essex.gov.uk or visit www.facebook.com/esuessex to get your career on the move!

Child Benefit Extension

If you are a school leaver and unemployed and do not have a course or training programme to start in September 2016, your parent/carer may be entitled to claim Child Benefit Extension. There is a time limit in which you can register your claim. For more information contact the Employability and Skills Intervention Team on 03330 139842 or contact 0300 200 3100 or visit www.gov.uk/child-benefit-16-19

Specialist Support

IAG Advisers within the **Children and Young People with Disabilities Service** work with young people who have a statement of special educational needs or an education, health and care plan from Year 9 onwards. They provide information, advice and guidance on education, employment and training opportunities. For more information please call: 03330 139867 or email:

cypd.service@essex.gov.uk
