This must include a duty to explore and provide access to suitable courses, submit applications for reasonable adjustments and make reasonable adjustments to the service the centre provides to disabled candidates...

†or any legislation in a relevant jurisdiction other than England and Wales which has an equivalent purpose and effect”

[Quote taken directly from section 5.4 of the current JCQ publication [General regulations for approved centres 2018-2019](#)]

(and the statement which details the criteria the centre uses to award and allocate word processors for exams [provision for this statement has been included in *The Exams Office's Word processor policy template* Appendix 1]) or alternatively include as an appendix at the end of this document...

"Centres are allowed to provide a word processor (e.g. computer, laptop or tablet) with the spelling and grammar check/predictive text disabled to a candidate where it is their normal way of working within the centre, unless an awarding body's specification says otherwise. For example, where the curriculum is delivered electronically and the centre provides word processors to all candidates. This also includes an electronic braille or a tablet." [ICE 14.20]

"It is strongly recommended that a centre has a policy on the use of word processors which it can articulate to parents/carers. Principally, that a word processor cannot simply be granted to a candidate because he/she now wants to type rather than write or can work faster on a keyboard, or because he/she uses a laptop at home."

The use of a word processor must reflect the candidate's normal way of working within the centre. For example, where the curriculum is delivered electronically and the centre provides word processors to all candidates...

A member of the centre's senior leadership team must produce a statement for inspection purposes which details the criteria the centre uses to award and allocate word processors for examinations."
